Matt

This bare bones report doesn't include the witness to the sobriety tests and possibly the drinking by the suspect. With what is here the emails tell one story and the report leaves that out. A supplemental report on the arrival of the witness and the statements made should be considered since it will still require me to explain the recusals to SCAO and I only have emails now. I think a full report would be cleaner for the PD. Call me please.

Judge Tabbey,

Here's the crash and OWI report regarding the arrest of Crystal Vargas on 09/08/2013. Apparently, the OWI is still at our local attorney's office (Vic Lillich). I will check on the status and will let you know what I find out. There is no reason that we can tell that would prevent the case from being charged. Let me know if you have any further questions.

We arrested her, impounded the car and lodged her at WCJ that night. Looks like we sent it to Vic on Sept 13th and we haven't yet heard back from him if he is going to authorize it.

Attached is both the OWI report and the crash report.

Sean
